

Travel Medicine

Whether you are traveling for business or pleasure, we provide the medical services you need to make the trip healthier and therefore more enjoyable and productive. Our highly trained physicians and nurses will assess your individual needs, prescribe and administer immunizations and medications and discuss precautionary measures to be considered while traveling. Our medical team references a number of resources, including the Center for Disease Control (CDC) and World Health Organization (WHO), so that we stay current with the latest developments in travel medicine.

Immigration Program

At CFPC we can perform your immigration physical any day of the week. The physical exam will take about one hour to complete. If English is not your native language, do not worry. We have trained personnel (Doctors, Nurses, Medical Assistants, Lab Technicians and Office Staff) that speak Spanish, Hindi, Urdu, French, Farsi as well as other languages.

Dr. Rajesh N. Mehra

Doctor Rajesh Mehra established Chantilly Family Practice Center (CFPC) more than 15 years ago to provide medical services to our community. Doctor Mehra has continued his training in new and emerging procedures and added state-of-the-art medical equipment. He and his associates provide comprehensive family practice and urgent medical care to community residents.

Dr. Rajesh Mehra, DO., FAAFP is a graduate of Philadelphia College of Osteopathic Medicine. Dr. Mehra is on staff at local hospitals including Inova Fairfax Hospital, Inova Fair Oaks Hospital and Reston Hospital Center. His knowledge and experience have earned him great respect among our community residents and the medical community. He successfully manages several federal and private contracts in addition to practicing family medicine.

- Board Certified Allergist is available by appointment to perform allergy testing.
- Board Certified Cardiologist performs consultations on cardiac conditions.
- Board Certified Urologist offers consultation and treatment for urological conditions.
- Physical Therapy Department is open daily and offers complete rehabilitation programs for any injury.
- Board Certified Orthopedist provides consultation for fractures and other bone conditions.
- Board Certified Physiatrist performs EMG, nerve conduction and pain control.
- CFPC is developing a state of the art cosmetic and laser surgery area that will perform liposurgery, skin rejuvenation, laser hair removal as well as other dermatological treatments and surgeries.
